August 2021

The 2nd Thursday URAC Food fest Social on 8/12/21 saw nine in attendance. All were able to segregate as suggested by some and the chow and chatter was good. It looked like the salads were popular. If you like a little Greek, try the "Shy Guy."

The September URAC Food fest Social on 9/9/21 will be integrated with a celebration of life for Janet and Homer Meek. It is expected that we will exceed 20 in attendance with Andrea, her mother

and their family friends so it will mandate that we have a fixed 4-entrée menu. Andrea and I will advise when we have more information. In the mean time if you plan to attend please RSVP to me not later than 8/26/21.

Bill Heather, KB6WKT who rejoined the club has been given my authorization to operate as K6AA for the ILLW 2021 operating event from the Point Fermin Lighthouse. Check out <https://illw.net> for details. Due to work and the fact that he and I are the only pending participants we are not sure when the station will be set up and in what configuration. Here in CA this event kicks off at 1700 on Friday, 8/20, and ends at 1700 on Sunday, 8/21.

Larry, KK6TXN, accepted requested tasks from the BOD to get the club's tower trailer inspected and a VIN assigned by the CHP. After that event we should know what else we need to do based on the inspection and follow on tasks with the DMV. As Larry and wife are having major work done on their home, I have no new news on this project.

In that there is construction going on at the LA Marine Exchange we are unable to have our August picnic / potluck there. In lieu of that feel free to bring a sandwich or single person boxed meal to the Point Fermin Lighthouse Saturday, 8/21/21/, between 1300 and 1500. Sign in with Kristen to satisfy the Rec and Parks concerns and distance by family.

A reservation has been made with the Think Café for our Christmas / Hanukah / Holiday party. The date is Saturday, December 11th, and is contingent as always during these limbo times upon COVID and the rules that keep changing. This looks to be on a track to reality. As early as it is I ask that members get more active on the air, within the club and consider accepting a position on the BOD next year.

Please consider providing a column or occasional input to your Publisher "Scotty" for the Short Circuit. Any input is due to her at k6znl@arrl.net by the Wednesday following the 1st Friday of each month.

Where are you Thursday nights at 2000 local time? How about getting on the 145.580 W6AM repeater and keeping our net control, Nick, N6EFI, company?

Looking forward to **SEEING** you at the Skype meeting on Friday, 8/20, at 1900 local time!
